14.00

142 Slow flow pourers, box of 500
Sturdy box - ideal for roadshows, larger tastings and exhibitors
Packed: Box of 500

56.25

Stopper part placed in neck literally slows down the rate of flow from the bottle. Ideal at busy tastings in reducing overpouring. This model fits all cork sealed bottles as well as most screwcaps. Cap fits on stopper when not in use (but is not designed to prevent spillage if bottle is laid on side, in fridge for example).

NOTES

Terms & Conditions

Full Terms & Conditions of Hire will be sent to all new hire customers prior to their first hire order.

Emptying spittoons

Please make your staff and any venue staff aware that all spittoons **must be emptied before collection**. Regrettably, we will have to add a £5.00 surcharge for each spittoon that is not emptied.
